INFORMATION DISCLOSURE STATEMENT

Commissioner for Patents

Alexandria, VA 22313-1450

December 23, 2004

Sir:

Applicants herewith submit a list of references potentially material to the claims of the above-referenced application, and which have not already been made of record herein. A copy of each of the foreign patents and non-patent literature is enclosed. Since this application is being filed after June 30, 2003, the requirement for a copy of the U.S. patent publications has been waived. In any event, copies of the cited references can be found in one or more of the parent applications.

An English-language Abstract of German Patent Publication No. DE2249988 is enclosed herewith to provide a brief explanation of the relevance of the reference.

FIRST CLASS MAIL CERTIFICATION

I hereby certify that this correspondence and/or fee is being deposited with the United States Postal Service as first class mail in an envelope addressed to "Commissioner for Patents, P.O. Box 1450, Alexandria, VA 22313-1450" on December 23, 2004.

This submission does not represent that a search has been made or that no better prior art exists. While the term "reference" is used in citing each of the publications called to the Examiner's attention herein, applicants do not make any admission that each or all of them are "prior art" references within the meaning of the statutory and case law.

Applicants reserve the right to contend, where appropriate, that a reference asserted against any claim of the present application is not prior art under the facts and the law and the right to present appropriate arguments and/or evidence to establish patentability over the references, should one or more of the references be applied against the claims of the present application.

This Information Disclosure Statement is being submitted prior to issuance of a first Office Action on the merits. Therefore, no fee is due for the submission of this Information Disclosure Statement.

Applicants respectfully request that the Examiner independently determine those items the Examiner would consider the most pertinent of all the references cited herein.

It is respectfully requested that these references be considered and made of record.

Respectfully submitted,

By:
